LILLIAN CHEN

(631)901-8702 • qc53@cornell.edu • lillian-chen.com

28 Sycamore Circle • Stony Brook, NY 11790

EDUCATION

Cornell University   *August 2012 - May 2016*

Bachelor of Science in Computer Science with a minor in Information Science

GPA: 3.158

Teaching Assistant for Web Programming and Design (2014)

Active Citizen in the William Keeton House (2013-2015)

EXPERIENCE

StartupTree   December 2014 - Present

Front-end Developer   *Ithaca, NY*

· Designed and executed front-end for an SaaS web application based on Django and PostgreSQL, using tools such as SASS, UIkit, and Gulp.

· Executed an interactive analytics dashboard using a data visualization library, Highcharts.

· Owned front-end decisions in setting the product strategy, prioritizing features, building consensus, and scoping tasks.

Blue State Digital   May - August 2015

Web and Product Development Intern   *New York City, NY*

· Implemented and deployed campaign analysis tools to collect and interpret constitutent data for numerous nonprofit and political clients.

· Coordinated with product managers, UI, and UX designers to build responsive user interfaces on top of ExpressionEngine using Foundation, SASS, and Grunt.

· Identified cross-browser and responsive incompatibilities using BrowserStack and Litmus and filed and resolved tickets on Jira and Mavenlink.

Contract Developer   2012 - Present

· Worked with over a dozen clients (startups, professors, alumni) over several years using the full extent of my technical toolbelt. Please see portfolio for full details!

ACTIVITIES

Cornell Business Review   2012 - May 2015

Design Editor   *Ithaca, NY*

· Led the design team (4-5 members) to produce a 40/44-page semesterly released publication.

· Sat as an executive board member to determine budget, recruitment, and marketing and product strategies.
